pg. 7 - Friction Fit Caps & Plugs

Application Advisor - Pipe & Flange Protection

Use this guide to help select the right product for your application

MOCAP offers a variety of solutions to protect and secure pipe threads, tubes, flanges and fittings from moisture and debris during application, shipping or storage.

BPF Series - Barrel Plugs with Flange

PP Series - Pipe Plugs

Pipe Plugs are designed for maximum flexibility to fit many different threaded and non-threaded pipes and tubing.

Application Advisor is offered as a guideline. Please request samples to test within your application at sales@mocap.com.

MOCAP Pipe Caps provide excellent protection and are available in diameters up to 40".

Application Advisor - Friction Fit Tubing Plugs

Use this guide to help select the right product for your application

MOCAP LDPE Plastic Tube Plugs are designed to fit multiple tube gauges and provide a secure fit. Poly tubing end plugs are ideal for office and patio furniture, tubular racks, appliances, exercise equipment, or anywhere a finished look is needed. Tube plugs include multiple horizontal ribs designed with built-in flexibility for easy installation and secure fit.

Available to fit Round Tubes, Square Tubes and Rectangular Tubes in Standard and Metric Sizes.

Tubing End Plugs are Stocked for Immediate Shipment

All Tube End Plugs are Available in Micro and Mini-Paks when Less than Case Quantities are Needed

RNS Series

NOTE: Part dimensions are typical from a measured lot. • Individual pieces may vary.
 • Due to the material, this product may have minor dimensional variation due to changes in relative humidity. • Flange concentricity may vary. • Due to paper's natural structure, the product may be oblong in free state. This will generally aid in the product's retention capability.

NOTE: Part dimensions are typical from a measured lot. • Individual pieces may vary.
 • Due to the material, this product may have minor dimensional variation due to changes in relative humidity. • Flange concentricity may vary. • Due to paper's natural structure, the product may be oblong in free state. This will generally aid in the product's retention capability.

NEW SELECTION OF PLASTIC CAPS & PLUGS

Now offering more size, shape, material and color options than ever before!

New Tubing Plug
Sizes, Shapes & Profiles

Expanded Straight
Cap Offerings

New Offset Pull Tab Options
OP SERIES

MOCAP has again expanded its product lines by adding styles of Polyethylene Plastic Caps and Plastic Plugs including NEW Tubing Plug shapes and profiles. We also have expanded our line of S Series Straight Caps to include NEW SK Series Caps in LDPE and NOW Thermoplastic Elastomer material to better fit your application needs. Our NEW OP Series offers an Offset Pull Tab to allow for easier removal and increased production rates.

MOCAP has also added many new sizes to our current tapered, straight and threaded cap product lines. If you do not see a **MOCAP** part to fit your application, please contact our sales department for assistance and we will work with you to find a *Solution that Fits*®.

Smaller Quantity Micro-Packs Now Available!

Offering the Lowest Minimum Order Quantity with the Highest Stocking Levels in the Industry

Long Flanged Caps for Straight Threads - FCSL Series

Friction Fit Caps & Plugs

- Protect Straight Threads with or without O-Rings
- Flanged for Easy Removal
- Use as Thread Protector or End Cap
- Stocked Material: Red Low-Density Polyethylene (LDPE)
- Additional Colors:

U Series - Universal Thread Plugs

Threaded Caps & Plugs

- Designed for Maximum Flexibility to Fit Many Different Thread Types & Sizes with a Simple Push-In & Turn to Lock-In-Place
- Stocked Material: Red Low-Density Polyethylene (LDPE)
- Additional Colors:

Part #	To Fit . . .	(B) Length		(C) Bevel Length		(D) Stem Diameter

RVG Series - Round Vinyl Grips

Grips

- Flexible Yet Durable - Won't Split, Tear or Shred
- Printable*
- Can Be Sliced to Any Length
- Stocked Material: Black Vinyl (glossy and textured)
- Additional Colors:

MOCAP®

Textured & Double Dip Grips

- Tough, Weather Resistant and Attractive
- Many Colors Available
- Glossy or Textured Materials

Textured Grips

Choose from Single or Double Dip Grips

- Available on Round or Flat Rectangular Sizes
- Allows for a Firm Non-Slip Hold
- Stretches for a Snug Fit but Won't Split, Tear or Shred
- Durable
- Material: Black Vinyl *Please call for info on other colors*

Double Dip Grips

Choose from Smooth/Glossy or Textured Grips

- Available on Round or Flat Rectangular Sizes
- Stretches for a Snug Fit but Won't Split, Tear or Shred
- Extra Durable
- Material: Black Vinyl *Please call for info on other colors*

RVC-T Series - High-Temp Round Vinyl Caps

Masking

- Sizes to Fit Straight, Metric, BSP & NPT Threads and Fittings
- Withstands Up to 475°F (246°C)
- Flexible Yet Durable - Won't Split, Tear or Shred
- Available Colors: Black and Yellow

TP-T Series - High-Temp Vinyl Tapered Plugs

Masking

- Withstands Up to 475° F (246°C)
- Flange for Easy Removal
- Flexible Yet Durable - Won't Split, Tear or Shred
- Stocked Material: Black High-Temp Vinyl
- Additional Colors: Yellow

Part #	To Fit STD Thread	To Fit METRIC Thread
TP9211T	6-32, 8-32, 10-24	M4, M5
TP9212T	1/4 - 20	M6, M7
TP9213T	5/16 - 18, 3/8 - 16	M8, M10

For Material Specifications, please see page 141.

- Resists Temps to 600° F (316°C)
- Flexible for Masking Threaded and Smooth Studs
- Material: Iron Oxide Red Silicone

MOCAP

When your application requires something more than a standard part, **MOCAP** offers several secondary operations to convert, enhance or improve your product. We can create custom sleeves, rings, slots, covers, masks, and punch outs at the most economical prices.

Printing can add your logo or other valuable information to most dip molded vinyl plastic caps, plugs and grips. Multi-color and consecutive number printing are also available.

Punching can add a hole or custom shape not possible through conventional molding processes

Slicing to remove a portion of the part creating a custom fit or specialized function.

Slitting adds a slot or thin opening on almost any surface

Assembly to create products from components, or add packaging to your product

Printing Assembly Punching & Slicing

Customized to Fit Your Specifications

Standard Ink Colors

Additional Colors Available

Round Tubes & Closures

Our inexpensive, round clear plastic tube packaging is recommended for lightweight or non-fragile items such as posters, confectionery products, housewares, novelties, toys or any items that require a unique, yet low-cost package. Clear plastic tubes provide the protection needed to house a consumer product for retail sale, yet remain economical enough for packaging a promotional item for handout at a trade show.

Square & Rectangular Tubes & Closures

A full-line of Square and Rectangular clear plastic tubes are the newest addition to our product line. These tubes are ideal for many types of retail and industrial packaging applications. If you're searching for that distinctive look or if you require an 'anti-roll' package, our square clear plastic tubes are a perfect choice.

Our Square and Rectangular clear plastic tubes are also available as a *Sealed Bottom Clear Plastic Tube* where a clear bottom is permanently adhered into the tube.

Flip-Top Closures

We now offer select sizes of rectangular inner-fit polypropylene plugs which feature a flip-top for easy access or dispensing. These are designed for use in our Rectangular Tubes and Sealed Bottom Rectangular Containers, and are stocked in red, black and natural colors. These plugs, which are easy to insert and remove, are suggested for lightweight or non-fragile items. Special colors are also available.

Tube Toppers

Cleartec is now manufacturing blow-molded Plastic Tube Toppers, which offer a unique holiday or special occasion package. These toppers, which are easy to insert and remove, are recommended for lightweight or non-fragile items. Special shapes and colors may also be available.

Silicone **X-TREME TAPE**[®]

A Division of **MOCAP**

Self-Fusing Silicone Tape

Originally developed for U.S. Military applications, X-Treme Tape has been tested and proven in the most extreme conditions and environments. It is the most versatile and easy-to-use quick-fix emergency rescue repair tape available. X-Treme Tape withstands extremes in temperature, pressure, voltage, moisture, corrosion and contaminants

Household Repairs

Save money on expensive service calls, parts and fittings. X-Treme Tape can rescue you from many problems at home. Its low water absorption and high continuous temperature range make it perfectly suited for home projects, renovations and maintenance, such as:

*Dishwasher Hoses • Dryer Vents • Washing Machine Drain Hoses
Vacuum Cleaner Hoses • Leaky P-traps • Cracked Drain Pipes
Garden Hoses and Fittings • Power Cords • Electrical Repairs*

Automotive

X-Treme Tape is so versatile there should be a roll in every glove compartment! It can make electrical connections air & water tight or seal a leaking exhaust pipe. It's the perfect self-fusing wrap for automotive and truck applications like:

*Radiator Hoses • Air Hoses • Air Conditioning Lines • Exhaust Systems
Wire Bundling/Protection*

Electrical

Because X-Treme Tape has a dielectric strength of 400 volts per .001" thickness, it can effectively insulate up to 8000 volts for a single .020" thick layer wrap. Silicone X-Treme Tape is UL listed, and a safe and effective electrical insulator, perfect for:

*Electrical Connections • Jumper Cable Grips • Motor Coils
Transformers • Power Tools • Power Leads and Cords • Terminal Splicing*

Marine

X-Treme Tape withstands salt water and UV rays and can be applied and fused at a depth of over 1000 feet, making it the perfect self-fusing tape for any marine environment. Ideally suited for quick fix marine repairs, like:

*Water Hoses • Drainage Lines • Exhausts • Rigging • Wiring
Fishing Equipment • Boat Rails • Scuba Gear*

Silicone **X-TREME TAPE**[®]

9500 Formula Vinyl Color Options

Plastic Color Options

Tolerances

VINYL PRODUCTS

- Minimum Length = 3/16" (4.75mm)
- Length is variable in 1/16" (1.58mm) increments
 - Inside length tolerance is +/- 1/16" (1.58mm)
 - Length measured along inside wall, not from center, with the exception of the RFGV Series.
- Wall thickness as noted, unless special request
 - Wall tolerance +/- .010" (.25mm)
 - Wall measured approximately 1/4" (6.35mm) from open end, with wall increasing slightly towards the closed end of cap
- Specify Standard Formulation 9500 or High-Temp 9250 (Additional formulations are available).

POLY PRODUCTS

- Typical tolerance for part dimension:
 - 0.000"-3.000": ± 0.010" (0mm to 76.2mm : ± .25mm)
 - 3.001"-5.000": ± 0.015" (76.23mm to 127mm : ± .38mm)
 - 5.001" and up: ± 0.020" (127.1mm and up : ± .51mm)
- On SMR Series parts 1-1/16" and larger, the tolerance for dimension "A" is +0.018"/-0.010" (+0.45mm/- .25mm)

RUBBER PRODUCTS

All Thermoset Rubber Products are manufactured to RMA® "A3" Commercial tolerances
